<b>Requested Repair</b>	

Do **NOT** use this form if the requested repair requires immediate assistance, including but not limited to the repairs listed below. Generally, emergency repairs are things that endanger the safety of the tenant, and/or if not corrected immediately, would lead to significant damage to the premises, such as:

- All bathrooms in the home are unusable
- You have a major water leak
- Sewage is backing up throughout the whole house
- There is a major electrical problem, or you smell smoke
- Your stove/water heater has stopped working and it is the weekend
- Your AC is not working, and it is above 80 degrees outside
- Your heat is not working, and it is below 60 degrees outside
- You smell gas and have already contacted the gas company
